Executive Summary

Performance Summary

The META advertising campaign generated a total spend of **\$381,106.67**, resulting in **37,635,109 impressions** and **312,283 clicks**. The overall click-through rate (CTR) is **0.83%**, which indicates room for improvement in engagement.

Notable Trends

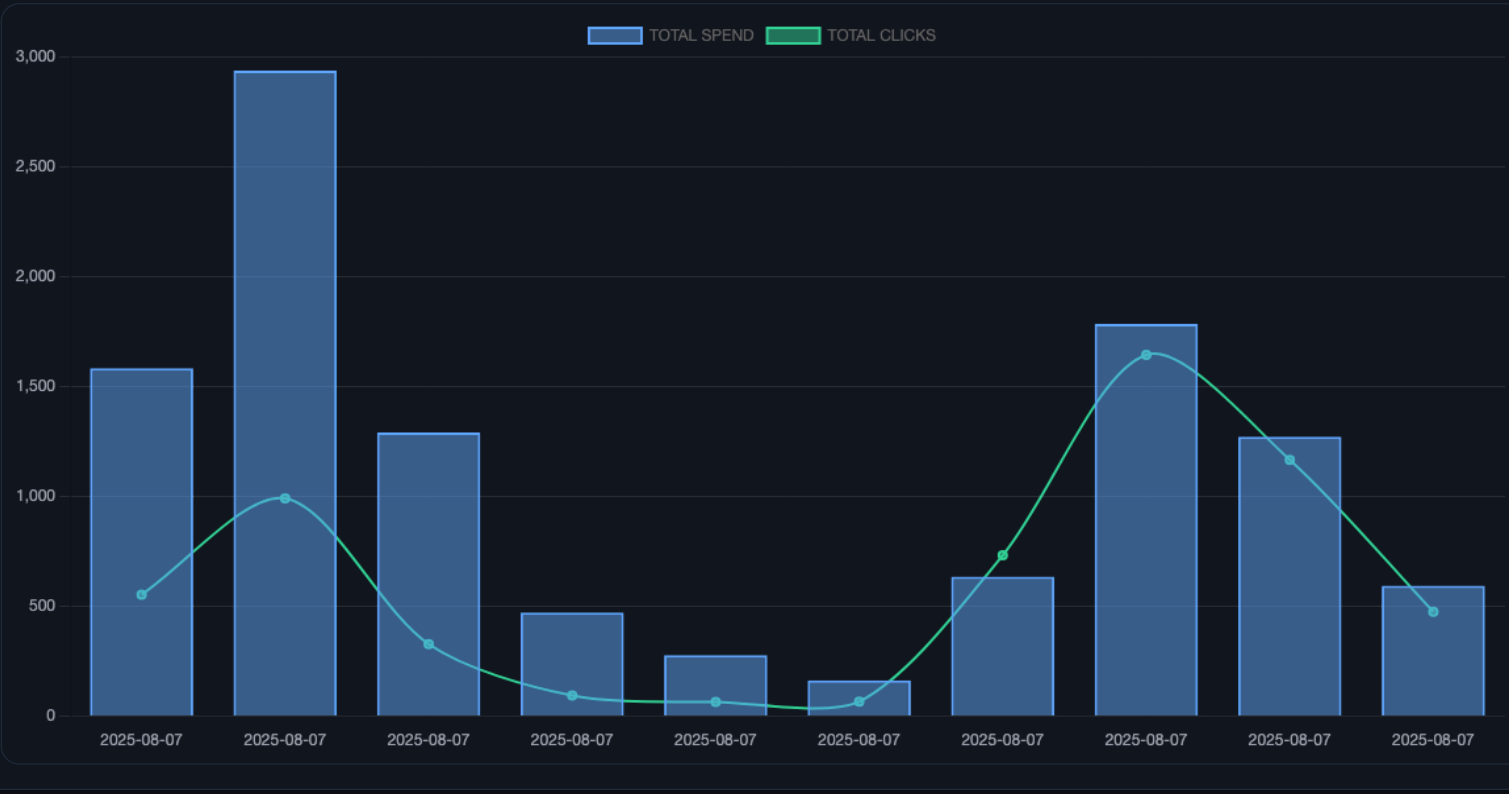

Analysis of age demographics reveals that the **25-34 age group** is performing best, yielding the highest number of clicks (990) with a spend of \$2,935.90. In contrast, the **55-64 age group** shows the lowest engagement, with only 65 clicks and a spend of \$278.05.

Actionable Recommendations

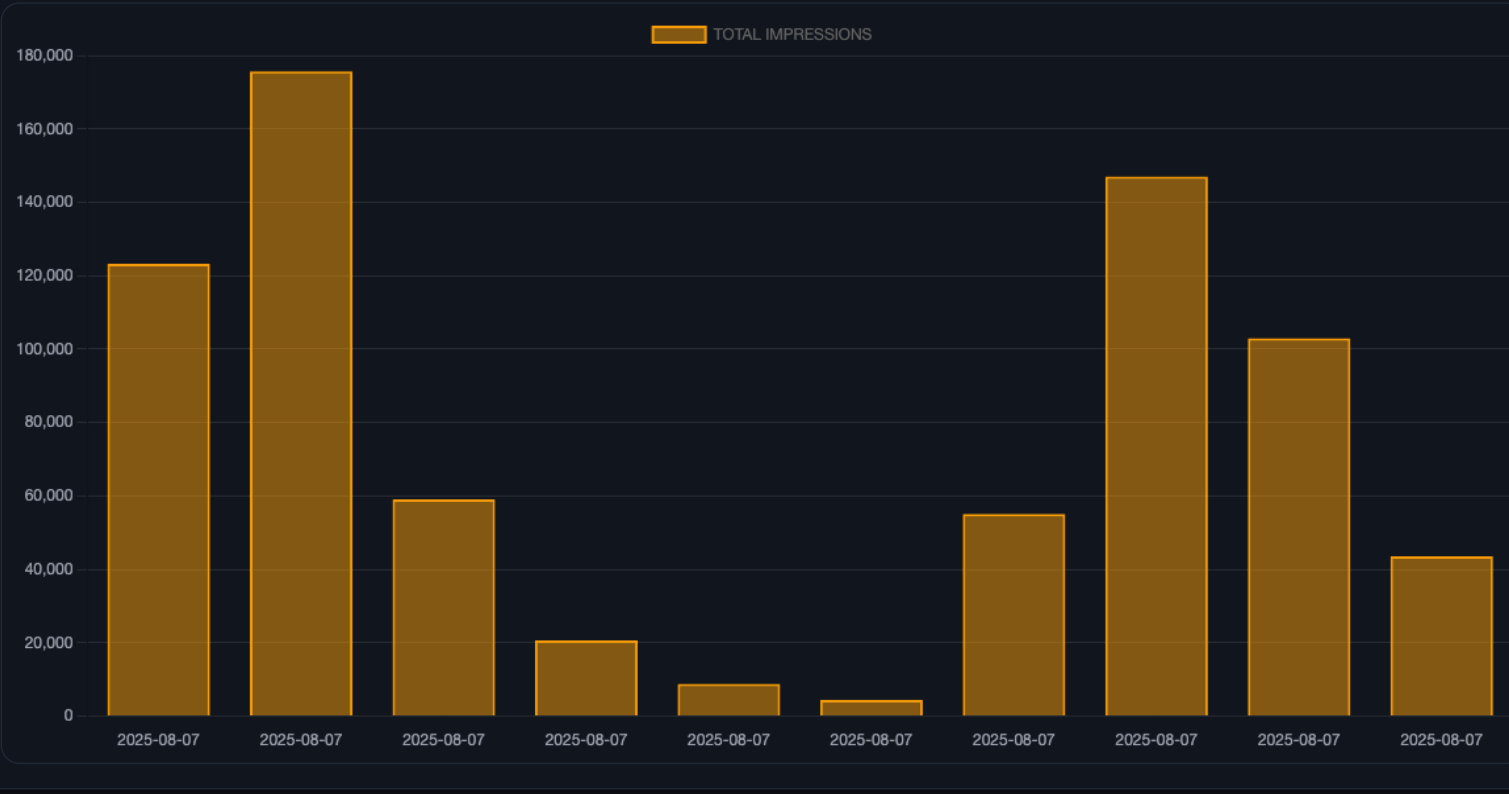

- Reallocate budget towards the **25-34 age group** to maximize ROI, as this demographic shows stronger engagement.
- Test creative variations and messaging specifically targeting the **45-54 and 55-64 age groups** to improve their engagement rates.
- Optimize ad placements and consider A/B testing to identify which ad formats yield higher CTRs across all age segments.
