Executive Summary

Performance Summary

The META advertising campaign displayed a total of **312,283 clicks** over the last 30 days, but with a **CTR of 0%** and **0 total impressions**, indicating that while users are clicking, the ads are not being served effectively.

Notable Trends or Patterns

Clicks varied significantly by age group, with the highest engagement from the **25-34** age bracket (214 clicks) and the lowest from the **55-64** group (13 clicks). The frequency across all age groups suggests that ads are being shown multiple times without generating impressions.

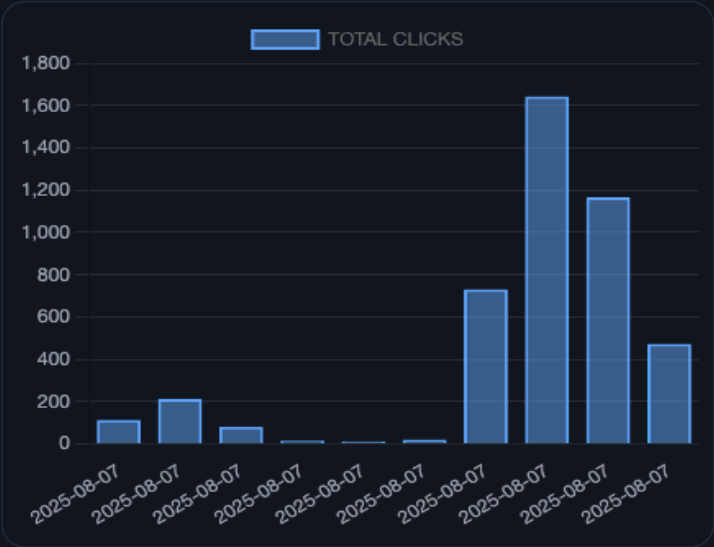

Actionable Recommendations

- Investigate and resolve the issue leading to **0 total impressions**. This could involve checking the ad delivery settings or budget allocation.
- Consider reallocating budget towards the **25-34 age group**, which shows higher engagement, to optimize ad spend.
- Test different ad creatives or formats to enhance visibility and improve CTR, as current metrics indicate a lack of effective reach.
