### Executive Summary

#### Performance Summary

The META advertising campaign data indicates a total spend of \$381,106.75 over the last 30 days, yet the overall performance shows significant issues, with a total of 0 impressions and 0 clicks resulting in a CTR of 0%. This suggests that ads are either not being served or failing to generate any engagement.

#### Notable Trends or Patterns

In the sample data, the highest CTR was recorded at 1.529003 for female demographics with a spend of \$1,231.22. Male demographics also showed strong performance with CTRs above 1.0. However, the unknown gender category performed poorly with only a 0.258621 CTR.

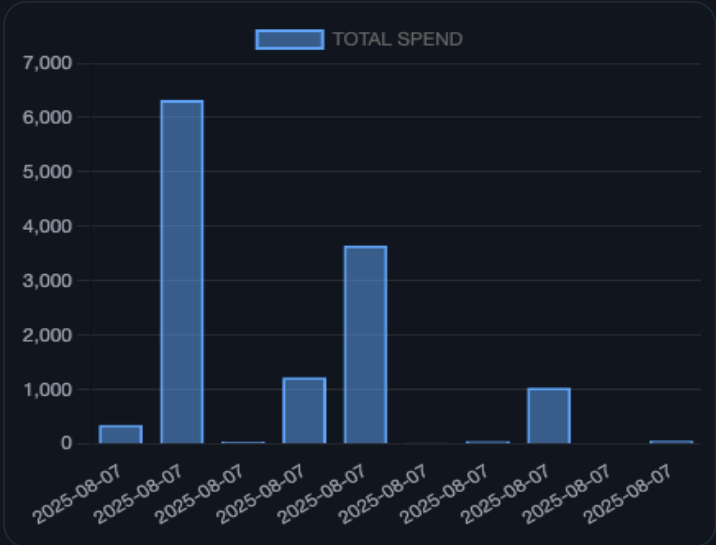

#### Actionable Recommendations

- Investigate ad delivery issues to ensure ads are being served; lack of impressions is a critical concern.
- Focus on optimizing targeting strategies based on gender performance, particularly enhancing campaigns aimed at females and males with higher CTRs.
- Consider revising creatives and messaging for the unknown gender category to improve engagement and increase overall CTR.
