Executive Summary

Performance Summary

The META advertising campaign shows a total spend of **\$381,106.75** over the last 30 days, but there are no recorded impressions or clicks, resulting in a **0% CTR**. This lack of engagement indicates potential issues with ad visibility or targeting.

Notable Trends or Patterns

- Spending varied across age groups, with the highest expenditure in the 25-34 age range, indicating potential targeting focus.
- Lower spends in older demographics (45-54 and 55-64) suggest that these groups might not be prioritized in the campaign strategy.

Actionable Recommendations

- Review and optimize ad creatives and placements to ensure they are engaging and relevant to the target audience.
- Analyze audience targeting settings to ensure the right demographics are being reached, particularly in age groups that show potential interest.
- Consider A/B testing different ad formats or messages to identify what resonates best and drives engagement.
