Executive Summary

Performance Summary

The META advertising campaign has a total spend of \$907.90 over the last week, with a CTR of 0%, indicating no clicks or impressions, which suggests issues with ad visibility or targeting. Despite the absence of clicks, there are notable actions such as post engagement and omni activations, indicating some level of interaction with the ads.

Notable Trends or Patterns

Actions are primarily driven by male users aged 25-34, with significant post engagements and app activations. Female users aged 18-24 also show potential with high engagement rates but lower conversion actions.

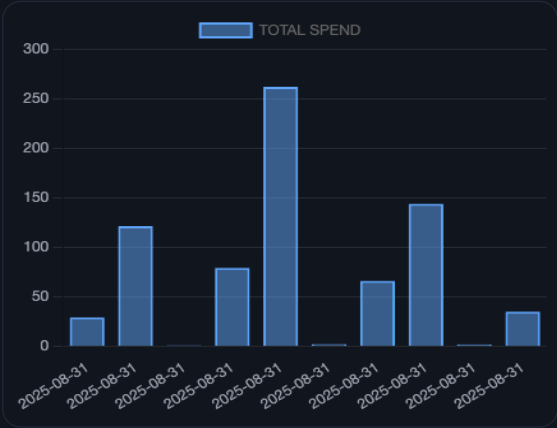

Actionable Recommendations

- Review targeting settings to ensure ads are reaching the intended audience, particularly focusing on age and gender demographics.
- Enhance ad creatives to improve visibility and engagement, considering A/B testing different formats to identify what resonates best.
- Monitor and adjust budget allocations towards the ad sets showing higher engagement rates to maximize ROI.

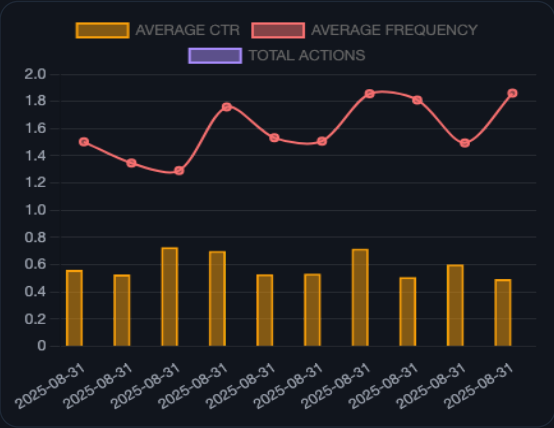

Report customized for META adset level with 6 selected metrics.
