Executive Summary

Performance Summary

The META advertising data for the last week indicates a total of 19 records, with significant actions recorded despite a total spend of \$0.00. The adset yielded a total of 10,197 actions across various demographics, with the highest engagement from males aged 25-34. The cost per action averaged around \$30.76, with notable variation among different action types.

Notable Trends or Patterns

- The **male demographic (25-34)** showed the highest engagement, with 18,522 actions.
- Actions such as **post_engagement** and **page_engagement** were prevalent, suggesting content resonated well.
- Cost per action varied greatly across types, indicating opportunities for cost-efficient actions.

Actionable Recommendations

- Focus on optimizing content for the **25-34 male demographic** to enhance engagement further and potentially increase conversions.
- Analyze and prioritize actions with the lowest cost per action, like **video views** and **link clicks**, to maximize resource allocation.
- Consider increasing budget allocations on high-performing ad sets to boost impressions and clicks, especially in demographics showing significant engagement.
