Executive Summary

Performance Summary

The META advertising campaign for the last 14 days shows a total spend of \$1973.25 with a 0% click-through rate (CTR) and a notable absence of impressions and clicks across the board. Despite the spending, there are no recorded conversions, indicating a serious issue with ad visibility or targeting.

Notable Trends or Patterns

- Age group 18-24, especially females, had a relatively higher CTR of 2.20% but lacked conversions.
- Higher engagement actions (e.g., post engagement, video views) were observed, particularly among males aged 25-34.
- Cost per action types varied significantly, suggesting inefficiencies in spending.

Actionable Recommendations

- Review and optimize targeting settings to enhance ad visibility, focusing on demographics with higher engagement rates.
- Investigate creative elements and messaging to improve CTR and ensure ads resonate with the intended audience.
- Consider reallocating budget to the best-performing segments based on engagement metrics to drive conversions more effectively.
